

Improve Security, Ease of Use, Analytics, and Sustainability  
with Dell Technologies Server Management Tools

Vs. comparable tools from HPE

Dell server management tools help streamline workflows, enable deeper visibility, and deliver actionable sustainability insights.

Strengthen  
Security

Lock down systems in up to **97% less time**  
and with **86% fewer steps**  
(with iDRAC10 vs. iLO 7)

Improve  
Efficiency

Deploy servers **up to 9x faster**  
(with OME vs. OneView)

Expand Insights  
into System  
Utilization

Gain **4x more GPU metrics**  
and **continuous visibility**  
(with AIOps and iDRAC10 vs. COM and iLO 7)

Improve Monitoring  
of System Health,  
Performance, and  
Compliance

Leverage **5x the reporting options**  
(with OME vs. OneView)

What We Compared

Feature	Dell Technologies	HPE
Embedded/remote server management	Integrated Dell™ Remote Access Controller 10 (iDRAC10)	HPE® Integrated Lights-Out (iLO) 7
One-to-many device management console	Dell™ OpenManage™ Enterprise (OME)	HPE® OneView
Cloud-based monitoring	Dell™ Artificial Intelligence for IT Operations (Dell™ AIOps)	HPE® Compute Ops Management (COM)
